Jax Tam

jax.lytam@gmail.com ▌ (852) 5432-3850 ▌ Hong Kong

EDUCATION

The University of Hong Kong   **2023 Sep - Present**
Year 1 Bachelor of Engineering (CompSci)
- Semester 1 - 4.0 GPA

PAST PROJECTS

Personal website   **2024 – Present**
https://enhancedjax.github.io
- Designed and developed a personal website using React.js, Framer.Motion, and [Figma](#).
- Implemented a clean and modern design with a responsive layout for optimal user experience across various devices.
- Demonstrated proficiency in React.js, UI/UX design, SEO practices, and front-end development best practices.
    - Repo: https://github.com/EnhancedJax/EnhancedJax.github.io

JaxCore.app landing page / website   **2022**
https://jaxcore.app
- Designed and developed a landing page for JaxCore using HTML CSS JS.
- Implemented a visually appealing and user-friendly design using [Figma](#), ensuring a consistent brand experience.
- Incorporated smooth animations and transitions to enhance the user experience and create a dynamic website.
    - Repo: https://github.com/Jax-Core/jax-core.github.io
- ❖ JaxCore was a UI customization tool I built for Windows, leveraging Rainmeter to enhance user interfaces and provide personalized experiences.
